

Bag This

Party bags. Shopping bags. Weekend bags. Gym bags. Yes, a girl can never have enough. Perhaps the least visible out of all these would be the make-up bag. But I have a thing for detail so I have requirements for my make-up bag. The most obvious would be that **it would have to be stylishly designed**, as in all my things. So what if the world wont see it, /will. Second, **it has to be big enough to hold my make-up**. It

should hold, at the very least, face powder, lipstick, eye shadow, mascara, concealer. Third, yes, **it should be big but squishy** enough to fit in all my other bags. Big bags are hot this season but they wont always be...and i'll need something to hold my cosmetics in place. Right now, i'm liking make-up bags from the [Sweet T Original](#) shop.
